

TOWN OF BOW

Fire Department

7 Knox Road, Bow NH 03304

Office (603) 223-3960 | Fax (603) 223-3961 | Website www.bownh.gov

11/13/17

To Whom It May Concern:

As part of Town of Bow's initiatives to be a "Business Forward Community" we are determining if there is a need to expand our safety education offerings. Currently, we assist businesses on an as needed-per request basis. Our hopes are that your business could benefit from us offering necessary training on a routine basis. Ideally, we would help meet your safety training needs with existing resources.

At the October 25, 2017 Bow Business to Business meeting we spoke to several business leaders about this initiative and it was well received. Moving forward, we will need more information to determine the need and develop a plan. Please consider completing the Business Safety Training Survey at www.bownh.gov Fire Department page.

Enclosed you will find a business emergency contact form if you would like to update your emergency contact information.

I look forward to working with you.

Sincerely,

A handwritten signature in black ink, appearing to read "Mitchell Harrington".

Mitchell Harrington
Fire Chief
