Town of Bow
 DEMOLITION PERMIT APPROVAL FORM

BEFORE UTILITIES ARE DISCONNECTED: A determination should be made whether an amended site plan is required *before* utilities critical to occupant safety & fire protection are disconnected, including electricity & water prior to the issuance of a demolition permit. The Community Development Department staff can assist you in this determination.

Demolition of structures must comply with the provisions of Section 3303 of the 2009 International Building Code:

Section 3303.6 Utility Connections: Service utility connections shall be discontinued and capped in accordance with the approved rules and requirements of the applicable governing authority.

Before the Building Department issues a demolition permit this approval form must be completely filled out & signed by all the utilities and departments listed below.

Owner/Applicant	Phone
Property Address	Map/BL/Lot
Demolition Contractor	Phone
Contractor Address	Asbestos Brochure yes <input type="checkbox"/> No <input type="checkbox"/>

Photos of structure* to Bldg. Dept. before permit is approved		

*Before a Demolition Permit is approved, it is the applicant's responsibility to supply this office with photographs of the structure. These photos will include all four sides of the structure and any unusually or interesting features of the inside or outside of the structure. Please add the address to the back of the photos. The Building Official or his designee may waive sheds, porches, etc. from this requirement.
